MINIMUM CREDIT LOAD OF STUDENTS

Students in grades nine through twelve shall be enrolled each school year for a minimum number of scholastic credits equal to one-fourth the number required for graduation by the school in which enrolled. Local school policies may further require students to be enrolled for credit in every class period during the regular school day. All credit units shall be selected among courses or programs which have been approved by the boards of education of the State of Tennessee and Knox County as being applicable toward meeting high school graduation requirements.
